THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Speaker Presentation (10/25):

David Morgan is a new member of the Rotary Club of Denver Northeast. He is a Denver native and grew up in Capitol Hill. He attended East High School and CU Boulder. He traveled abroad after one year's work and lived in Japan where he worked as an English teacher. He likes to travel. He also likes photography. He attended the Art Institute studying photography. He saw the country photographing pole barns (Morton Buildings) for a couple years and ventured to Chicago where he met his wife and tried to start his own business. After five years he moved back to Denver, still enjoying photography. He obtained his Masters in Public Administration and worked at the State Auditor's Office. He changed careers and worked for Wells Fargo and then in 2010 a refreshing experience with a family owned bank in the Tech Center (Berkley Bank) as VP Business Development. His wife is Art Director/Graphic Designer for Sales Force. He has a son in Kindergarten and a daughter in 5th grade. He has an older sister who lives in Denver and many high school friends. His hobbies include golfing, nature, travel, and being outside with his kids. **David** had volunteered with the Conflict Center, a nonprofit located in Sunnyside neighborhood and dedicated to providing practical skills and training to everyday conflict through relationship building. The Conflict Center remains steadfast in its commitment to being at the center of nonviolence in families, schools, workplaces and communities. **David** joined Rotary to be of service to community and be able to involve his family in events such as the Sand Creek cleanup.

The Four Way Test

Of the things we say and do,
Is it the truth?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?
