**The Object of Rotary**

is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Program - Mar 26

**Frank** led us through our second visioning exercise, discussing how relationships in Rotary are built. He asked each of us to write on Post-its why Rotary is important to us. He will tabulate the information to help guide the process.

We talked about the upcoming Happy Hour sponsorship and the opportunities it presents for new members. **Frank** suggested that we learn something about the attendees; why they attend? how are they referred? There was some discussion about having a business card drawing to help collect attendee data. Members offered thoughts and suggestions: **Otis** reminded us that Rotary is larger than just our club and the benefit of joining one club gains access all the clubs of Rotary, and a large audience for contacts and networking. **Lance** offered that the scope of projects can attract more members. **Greg** said that we should talk about the amount of volunteer time our members perform and the contributions we make. **Bill** emphasized that Rotary is the best service organization in the world and that our club is the best service club locally. We agreed to have informational materials and feature the Four Way Test at the Thursday event.

Thank you, **Frank** for facilitation of the visioning process!

-- Respectfully submitted, Steve

**The Four Way Test**

Of the things we say and do,  
Is it the truth?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?
